

Work Experience

School-based learning

The Terang & District Co-operative Limited (the Co-op) was established in 1908 and prides itself on its commitment to its members and the local community.

The Co-op is made up of five stores including a Supa IGA supermarket, two HOME Timber and Hardware stores (Terang and Camperdown), a CRT rural store and a dairy services division. We predominantly offer employment in retail but there are opportunities in administration, fabrication and dairy servicing.

We are always on the lookout for young prospective employees, and invite any interested students to apply for work experience placements.

Work experience placements give practical work-related experience, as well as literacy and numeracy skills and the opportunity to build personal skills that are important for life and work. If you believe you have the necessary skills and experience, we would like to hear from you.

Queries regarding work experience placements should be made to the Human Resources department on (03) 5592 1555. Applications can be made via email info@terangcoop.com.au or via post, **PO Box 21, Terang, 3264**

Please note that only limited placements are available each school term
